There can be no reason why any reader of this who suffers the tortures of an aching back, the annoyance of urinary disorders, the pains and dangers of kidney illness will fail to heed the words of a neighbor who has found relief. Read what a Norway citizen says:

S. C. Foster, barber, Main St., Norway, says: "I was troubled by kidney complaint some years ago and I got Doan's Kidney Pills at Stone's Drug Store. A couple of boxes gave me relief."

Three years later, Mr. Foster said: "I use Doan's Kidney Pills now and then and they keep my kidneys in excellent condition."

Only a Dog.

'Neath the stately Balm of Gilead trees
Soft aromatic shade
Part of my heart that's buried
In a grave that's newly made.

A little grave, a humble grave—
To the busy world unknown—
Holds more than all the world has power
To give me back. My own.

My own—all mine, his loyal heart
Was mine, and mine alone;
And love forever shone
To be the sad and tears start.

Smile to be the sad and tears start.
Nor my poor grief deride;
Nor jeer about my aching heart,
Because my dog has died.

Only a faithful dog—it's true!
But in his little breast
He carried such devotion
As my life hath seldom blest.

The human friends are left to me,
Not one that loves me more
Is mine, I'm grieving o'er
For him, I'm grieving o'er.

Wait Paint, There are painters and waiters. Which am I going to do? Paint or wait? Which is better?

How much am I worth with my property waiting? How much if I paint? Will my house be worth more or less if I paint?

Say it costs \$2 a gallon Devoe-I wouldn't paint any other—and \$3 or \$4 more for putting it on. That's \$50 or \$60 a 10-gallon job.

The money is gone. Is it in the house? Is it all in the house? Suppose I were selling; what should I get for that house fresh-painted and what should I get for it needing-paint? I wonder why men paint before selling!

Last Monday five veterans of the late war had a reunion dinner at the Elm House. They were S. S. Evans of Hiram, and City, Michigan; W. W. Durgin, North Lovell; Albert Littlefield, Stoneham; Stephen McAllister, Lewiston; and H. H. McKee of Paris. These five were in the company of Capt. W. W. Whitmarsh, the proprietor of the Elm House, served through the war.

Five of the above gentlemen at the breakfast of the rebellion lived in Stoneham, Me., and as Mr. Evans says: "We were saving bolts Steve McAllister and I, as boys we thought it would be fun or something of that sort to go to war."

Had heard that Capt. Whitmarsh of the 29th Maine regiment. It is needless to say that this reunion after twenty years of separation was a very pleasant affair and rather remarkable too.

We took the saw to the house, hitched up a team and started for Norway. We were going Durgin and told him what we were going to do. He thought he'd go. And then we saw Bert Littlefield and Harry McKee and we all piled into that one team and came over and enrolled our names one after the other. That was the 27th day of April, 1861, and we were in for it for the next five years.

These five men served in Capt. Whitmarsh's company until they were mustered out in May, 1866. They were in the 1st, 10th and 29th Maine regiments. It is needless to say that this reunion after twenty years of separation was a very pleasant affair and rather remarkable too.

MILTON PLANTATION

The Chippewas Campfire Girls who have been on a tenting trip at Harvard Pond broke up camp very prettily Wednesday on account of the death of the girl's father.

Much progress has been made on the first floor of the V. I. S. hall during the last week. It is reported that the committee has made arrangements to have a large circus tent spread over the hall for board floor for present over the hall. It is reported that the committee will be able to give a dance next week, Friday, September 10.

The Bethel-Milton school will open September 7 with Viola Bartlett of East Bethel as teacher.

There will be a regular business meeting of the V. I. S. at Clinton S. Buck's hall Saturday evening, September 4.

Mr. F. D. Lapham has returned home from Rumford.

Bigger Tires At Lower Prices

Sizes 30 x 3½ and 30 x 3

This year we have added to Goodyear Small-size tires these three vast improvements:

We have added 20% to the air capacity, which means much added size. The larger a tire the more it will carry, as you know. Or the longer it will carry any certain load. We have added 30% to the side wall strength. That's where constant bending breaks a thin-walled tire—just above the rim.

And we've improved the tire's design in new ways found to give it added strength.

Cost \$317,000

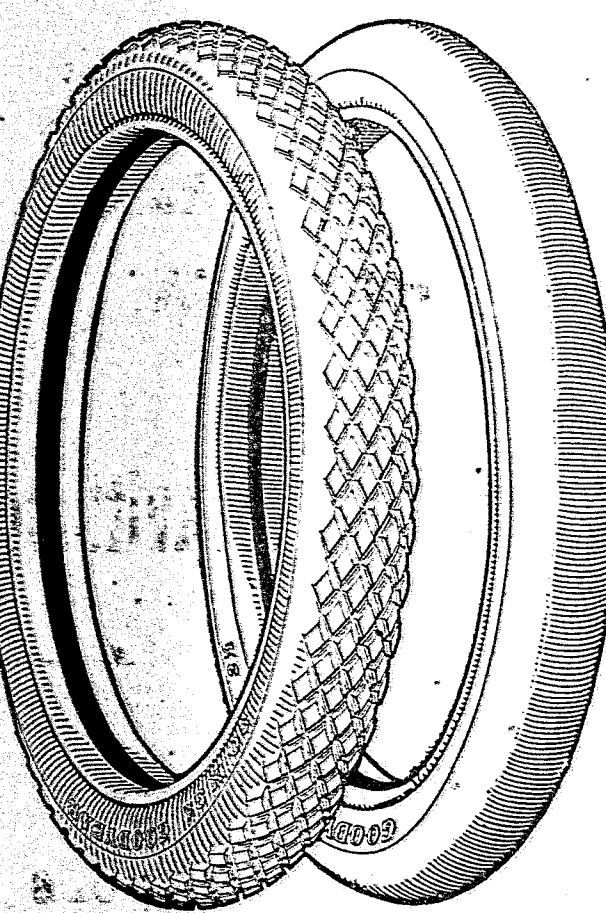

These improvements, on this year's output, will cost us \$317,000.

Yet this year we made another big price reduction—our third in two years, totaling 45 per cent.

Super Tires

These are Goodyear tires which we have bettered—the leading tires. They have for years, on sheer merit, outsold any other.

Why's "Gets-It" for Corns, Like a Kiss?

Because Everybody Tries It, Everybody Likes It, It's Painless and Takes But a Moment to Apply.

"Gets-It" is the wonder of the corn-patched world. Millions say so, because millions have used it. That's what makes it the biggest selling.

"Never in My Life Saw Anything Act So Quickly and Magically as 'Gets-It'." Corn remedy on earth today. "Gets-It" will surely get that corn or callus you've been trying for a long time to get rid of—take it right on the spot. Apply it in 3 seconds, as a whistle. Put your stocking and shoe right over it—nothing to stick, nothing to hurt. You needn't fuss with thick bandages that make a package out of your toe. No knives, razors and sets of tape, no tape, no trouble. It's simplicity, sure, quick, painless. Try it also for bunions and warts. That's what makes it the biggest selling. 25c a bottle, or sent direct by E. Lawrence & Co., Chicago.

Respectfully represents Lula B. Dries of Brownfield in said County, whose maiden name was Lula B. Lewis, that she was lawfully married to Marvin E. Dries, then of Lehigh, Pennsylvania, at Dover in the State of New Hampshire on the eleventh day of June A. D. 1910, and thereafterwards lived and cohabited with her said husband, and Brownfield in said State of Maine, where your libellant has always resided in good faith since her marriage, that no children have been born to them, and that your libellant has always conducted herself towards her said husband as a faithful, chaste and affectionate wife, but that he, regardless of his marriage vows and duty, and although of sufficient ability and being able to labor, has grossly, wantonly and cruelly refused and neglected to provide suitable maintenance for your libellant, and that, without cause on her part, he did, on the nineteenth day of May A. D. 1912, utterly desert your libellant, which said utter desertion has continued for three consecutive years next prior to the filing of this libel, and still continues. Your libellant further avers that the residence of the said libellee, Marvin E. Dries, is not known to her, and cannot be ascertained by reasonable diligence. Wherefore your libellant prays right and justice, and that a divorce from the bonds of matrimony existing between her and her said husband may be decreed to her.

Dated this seventeenth day of August A. D. 1915.

Lowell home.

Lois Wright recently passed a day at

Old Orchard.

Marjorie Scribner visited at Peter Jordan's in Casco Friday.

Estelle Bolster has visited friends at

Paris Hill.

Mrs. Ella Hancock of Melrose, Mass., is stopping with relatives here.

Fred Bolster attended the school reunion at Norway Lake.

Mildred Mills, who became Mrs. J. J. Haggerty on Wednesday last, has gone to Belgrade to live where Mr. Haggerty teaches.

Clinton Scribner is working at Scribner's Mills. He has had the water put into his upstairs room, and a cupboard built and other improvements made.

There was an initiation at the last meeting of the Eastern Star. Ice cream and cake were served.

Thunder, lightning, wind, rain and

hail met the excursion at the

meeting of the W. C. T. U. which was

held at the pleasant home of one of the

members, Mrs. Sarah Weston, on the hill.

Despite the inclemency of the weather, the afternoon was an unusually pleasant

one for the union. A great treat was in

store for those present who listened to

the piano solos rendered by Alice Fernald

of Boston. Miss Fernald is a relative of

Mrs. Weston's and is a very gifted musician. Again and again was she recalled

to the piano which responded so beautifully to her exquisite touch. Some business was transacted and ice cream and

cake were served by the hostess. Mrs. Weston will soon close her summer home

and her many friends regard it a great privilege to have her here. A visit to

her home with its valuable antiques, the finely kept grounds and many attractions

of scenery is indeed one long to be remembered.

The last meeting for the season at the church on Bell Hill will occur on Sunday

Tobacco Should be Smoked Up
As Soon as it's Cut Up

Real tobacco flavor depends upon the leaf being preserved in its natural state, possible only by pressing the leaves into plug form and keeping it in by covering it with a natural leaf wrapper. The natural flavor and strength of tobacco escape when cut or granulated.

Take a Plug of Sickle that is even thoroughly dried out so that when you whittle it off it crumbles into dust, but it will burn and smoke smooth and cool as it has all of its original tobacco flavor preserved, unevaporated in Plug Form.

Whittling a pipeful is little trouble, amply repaid in both quality and quantity. Try this experiment and judge for yourself.
